

EOY Speech

Hello, and welcome everyone. My name is Sara and this is my last year at The Community School. Reflecting on my years here, I can see that I've grown both academically and personally.

When I first started here, I never imagined having high grades, and at first I didn't. As time went on, my grades began to rise, and I found myself staring at 80's to 90's on my progress reports and report cards. I may not have maintained these grades throughout the whole school year, but I always tried my best to do so.

This school has not only improved my grades, but also my relations with friends and family. To be able to come home from school and have a full discussion about what I learned that day is one of the best feelings. Of course, there were times when I had bad days and I would be in the worst of moods. I want to thank my mother and my boyfriend for putting up with me through days like that; I know I wasn't very pleasant, but you got through it with me. I would also like to thank my step father Bruce for being a main supporter in my life.

Mostly, I'm very happy to have been able to work with and get to know my teacher, supporter, and father figure-- Mr. Tom. He makes learning fun, and he is a great role model. I just want to thank him for all that he's done for me and others.

These three years have been fun, but now I'm feeling pretty excited about college. Thank you.
